Dear Mr. Fendrick:

This letter is to document the designation of Transportation for Indiana: Multimodal Plan Development For the 1990's and Beyond as the official statewide plan as required under 23 CFR 450.214(d). Please find enclosed a copy of the draft plan document and an addendum updating the Transportation Stakeholder and Public Involvement Process chapter. This addendum documents our November 14, 1994 Statewide Public Forum where the plan was distributed and the formal thirty (30) day comment period (November 14, 1994 through December 15, 1994). An overview of the comments received on the statewide transportation plan and an initial response is also included in the addendum.

We will be addressing the review comments in greater detail as we continue updating the statewide transportation plan in 1995.

I would like to thank you and the other members of the Indiana Division for your participation in the development of this statewide multimodal transportation plan.

Sincerely,

Stanley C. Smith  
Commissioner
